**INSIGNIA OF THE ORDER OF ILLUMINATI THAT  
ILLUMINIST JEFFERSON MADE THE REVERSE OF U.S. SEAL**

The above insignia of the Order of Illuminati was adopted by Weishaupt at the time he founded the Order, on May 1, 1776. It is that event that is memorialized by the MDCCLXXVI at the base of the pyramid, and not the date of the signing of the Declaration of Independence, as the uninformed have supposed.

The significance of the design is as follows: the pyramid represents the conspiracy for destruction of the Catholic Church, and establishment of a "One World", or UN dictatorship, the "secret" of the Order; the eye radiating in all directions, is the "all-spying eye" that symbolizes the terroristic, Gestapo-like, espionage agency that Weishaupt set up under the name of "Insinuating Brethren", to guard the "secret" of the Order and to terrorize the populace into acceptance of its rule. This "Ogpu" had its first workout in the Reign of Terror of the

French Revolution, which it was instrumental in organizing. It is a source of amazement that the Catholic electorate tolerates the continuance of use of this insignia as part of the Great Seal of the U.S.

"ANNUIT COEPTIS" means "our enterprise (conspiracy) has been crowned with success". Below, "NOVUS ORDO SECLORUM" explains the nature of the enterprise: and it means "a New Social Order", or "New Deal".

It should be noted that this insignia acquired Masonic significance only after merger of that Order with Order of Illuminati at the Congress of Wilhelmsbad, in 1782.

Benjamin Franklin, John Adams (Roosevelt kinsman) and Thomas Jefferson, ardent Illuminist, and defender of Adam Weishaupt, proposed the above as the reverse of the seal, on the face of which was the eagle symbol, to Congress,

## "ROOSEVELT'S COMMUNIST MANIFESTO"

### "THE SCIENCE OF GOVERNMENT FOUNDED ON NATURAL LAW"

By CLINTON ROOSEVELT

Reprint of original edition, dated 1841, of Illuminist tract containing the first American publication of the plagiarized Communist teachings of Adam Weishaupt, a renegade Jesuit, and the substance of the Communist Manifesto. The Roosevelt version appeared seven years before it also was plagiarized by another member of the Order of Illuminati, Moses Mordecai Marx Levy, alias Heinrich Karl Marx, in Germany. It embodies a blueprint of the New Deal, its NRA and other devices, that became the tradition of the Roosevelt Dynasty. It is the pattern of an American dictatorship which they seek to impose. Their progress in imposing this dictatorship was slow until the present century. Now thanks to the support of the Rockefeller dominated "Philanthropic" Foundation Trust it is moving to ultra-rapid culmination.

which adopted it on June 10, 1782. On adoption of the Constitution, Congress decreed, by Act of September 15, 1789, its retention as seal of the United States. It is stated however, by the State Department in its latest publication on the subject (2860), that "the reverse has never been cut and used as a seal", and that only the obverse bearing the eagle symbol has been used as official seal and coat of arms. It first was published on the left of the reverse of the dollar bills at the beginning of the New Deal, 1933.

What is the meaning of the publication at the outset of the New Deal of this "Gestapo" symbol

that had been so carefully suppressed up to that date that few Americans knew of its existence, other than as a Masonic symbol?

It can only mean that with the advent of the New Deal the Illuminist-Socialist-Communist conspirators, followers of Professor Weishaupt, regarded their efforts as beginning to be crowned with success.

In effect this seal proclaims to the peoples of the U.S. that the entire power of their Government supports the conspiracy to undermine and destroy it and the Constitution on which it rests — that it is a Government of traitors.
